Forecast For Wales
Issued by Met Office Exeter
at 0400 on Friday 22 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A clear and frosty morning followed by scattered showers.

Today:
A frosty start with icy stretches and snow over the hills. Dry with sunny spells through the morning before cloud thickens during the afternoon bringing scattered wintry showers. Feeling cold with lighter winds. Maximum temperature 6 deg C (43 deg F).

Tonight:
Scattered wintry showers turning to snow overnight, accumulating over hills and at lower levels for some. Feeling cold with widespread frosts and icy patches. Minimum temperature -4 deg C (25 deg F).

Saturday:
Scattered wintry showers with sunny intervals continue to affect Wales with the clearest and driest spells over South Wales. Becoming largely clear and dry overnight. Feeling cold with light winds. Maximum temperature 6 deg C (43 deg F).

Outlook for Sunday to Tuesday:
Occasional rain and snow, mainly over the hills in south clearing during the afternoon on Sunday. Sunny spells with scattered showers on Monday. Heavy rain on Tuesday. Feeling cold throughout.
